School has a policy of **scholarship** for meritorious students, achievers of CBSE cluster and nationals, siblings, EWS, SC/ST and single parent.

## **ONLINE EDUCATION:-**

The academic year 2020 - 2021, faced a very challenging time which brought the world to a complete halt with the Corona pandemic and with lockdown all over the Nation. This isolation was unique and unprecedented event in our lives. It had become imperative to stay at home. We all had faced a completely unprecedented crisis due to the spread of corona virus all around the world. However, this time had taught us how to build foundations of resilience to face difficult events in future. Conducting online classes was the biggest challenge.

The study material included PPTs, videos, audios, which were sent to the students in parts and later on was followed by notes, question-answers, worksheets, home assignments, activity sheets etc. Students were asked to remain engaged in household activities, reading books, making art/craft articles and also in doing physical exercises like yoga at home. In order to conduct online live session, the Management thought of **Microsoft Teams** as the right option of software considering Cyber Security, Cyber Safety and the Learning Management. Teams were created for all the students and teachers of the whole school.

Training sessions were organized for students and teachers for hassle free online education in collaboration with KPL, INTEL and COET. A PPT was sent to the students, teachers and parents which gave them an idea about how to use MS Teams. Our teachers not only covered the scholastic areas but also the co-scholastic areas like Dance/Music/Art. With a balanced structure of online live sessions, we were able to cater to the needs of students and parents.

A good combination of scholastic and co-scholastic activities kept the teaching learning process moving ahead.

## **EVALUATION:-**

The school software was used to organise monthly chapter based test (CBT). The students were provided ID and password to log in and appear in the

MCQ test. Online Pen-Paper test was also organized to assess and evaluate the students in descriptive mode of questions and answers. Later on, the school staged offline classes and exams for classes 9 to 12 under the SOP (COVID 19).

### **ADVANCED FEATURES:-**

Keeping ourselves up with the pace of the modern world, Complete Digitization of the school was undertaken which transformed the entire school chores channel through the Information Technology under the aegis of **W3MIS**, bringing in more transparency and enhanced communication with parents and community.

Having the school completely digitized has innumerable advantages to the parents, teachers and the school itself with the help of **Fliplearn, MS-Teams, Diksha, Telegram** and read along apps.

Parents can keep a real-time track of the status of their child for Daily Attendance, Periodic Results, School Circulars and News, etc. through Android and Apple mobiles and through the WEB PORTAL [www.happymodelschool.com](http://www.happymodelschool.com) as well.

We are working upon for Parents to have a direct access to communicate with the Class-Teacher for regular update of their child and the cases which need our personal attention can be escalated directly to us.

Parents and teachers have been brought closer as this online facility provides a direct upload of the daily homework on the online portal parallel to what's given in the classroom, so that parents too are apprised of the daily homework given in classroom.

We have replaced the conventional regime of manually prepared Reports-cards by the teachers with Computer Generated Report-Cards. This transformation minimized the efforts of the teachers to manually fill in the Report-Cards all by themselves.

We have a fleet of advanced transport which ply to all the parts of the city and nearby towns, we have buses well equipped with **GPS** and **CCTV**, in order to keep the safety and security of the child at first.

With the sole purpose of updating teachers' knowledge, the school hosted a series of Teachers' Workshops. It was an attempt which inclusively engulfed various significant aspects like Moral Values, Life Skills by CBSE, Meditation & Stress Management, Experiential learning, inclusive education, AIP/AILS, and NEP.

I am sure in the coming years, we shall successfully channelize the halo of the young minds to explore best of their abilities, I thank the supportive management whose continuous support to our ideology of education has enabled the school to come this far. Teachers and the entire staff members also deserve applause for their tireless efforts in implementing the route map of imparting quality education during the pandemic time. I also extend my heartfelt thanks to the parents of our students who have shown unflinching faith in us by giving us the profound opportunity to transform their children into truly useful citizens of the future world and finally our divine inspiration, **Mata Anandmai**, whom we invoke in our every single endeavour and action, let her light be upon us as a source of guidance.

**Finally, we all are hopeful that days of 'back to school 'will return and we are completely ready with COVID safety, precautions and protocols to welcome our students for offline classes as well.**

**I pray almighty to keep everyone safe and involved in cognitive behaviour.**

**Stay Healthy, Stay Safe !**
